Unpaid restaurant tax targeted by council; water rate hike aired

\$75,000 increased cost for chemicals prompts warning from auditor

By Miranda Cantrell
James

The West Liberty City Council at its regular Aug. 24 meeting heard a brief report on the city's 2008-2009 audit from Jim Bryant, of Wells & Co., who advised city officials to consider water and sewer rate increases to offset rising operating costs.

Bryant noted that the cost of water and sewer chemicals has increased by \$75,000 in the past year. Other increases include \$25,000 in departmental payroll and \$18,000 in miscellaneous expenses.

"Overall, the city is in good financial condition," Bryant said. "However, the water and sewer rates cannot stay the same as costs increase. I would like to see the city catch up on water and sewer revenue."

City Clerk Sally Barker said in an Aug. 25 interview that the council may discuss a possible rate increase at a later date.

In other business, the council discussed closing down Morgan Street between McKenzie's Shopwise and Commercial Bank for the construction of the new judicial center to be located on the grocery store lot.

Councilman John May made a motion to close the street that was seconded by Councilman Dwayne Nickell.

The council also voted to close Morgan Street to Sorghum Festival traffic to accommodate emergency vehicles, and to ban the sale of pellet guns at the festival in the interest of public safety.

Councilwoman Belinda Jordan called for an update on the city's attempts to collect several months' worth of delinquent restaurant taxes from Pizza Express and Sugar & Slice.

Motorcycle Dice Run this Saturday to raise funds for public pool

Riders will tour Red River Gorge, compete for \$1,000 prize money

Plans have been finalized for another of West Liberty's summer fun events — the sixth Annual Motorcycle Dice Run, sponsored by the West Liberty Kiwanis Club and Tourism Commission. The event is set this Saturday, Aug. 29.

Registration will begin at 10:00 a.m. at the gazebo in the Kiwanis/Tredway Park at the east end of town. This year's Dice Run will be a 72-mile tour through the Red River Gorge and Nada Tunnel and will begin at 12 noon.

The first dice roll will be at the gazebo in the park. The second

will be at the Gladie Information Center in the Gorge, where there will be a rest stop and refreshments. The third roll will be at the park at the conclusion of the ride.

The first 60 entries will receive a free t-shirt and a complimentary gift sack. Entry fee will be \$15.00 per person. Refreshments and a free cookout will be provided after the Run in the picnic shelter at Kiwanis/Tredway Park.

Winners will receive \$1,000 in prize money — \$600 for first place, \$300 for second place, and \$100 for third place.

Proceeds from the Run will be used to help with the purchase of a new slide for the Kiwanis Swimming Pool.

Grant pgm. will pay for livestock carcass disposal

The Morgan County Conservation District has been awarded a grant to pay the cost for the disposal of dead livestock.

It's purpose is to reduce the possibility of contaminants from animal remains entering water sources within the county.

Under the program, which begins Sept. 1, the conservation district, in partnership with the Morgan County Fiscal Court, will provide for the disposal of dead livestock carcasses at no cost to property owners within the boundaries of Morgan County.

The grant applies only to cattle and horse carcasses and their removal must be requested within 24 hours of the animal's death. Animals to be disposed of must be moved by the property owner to within 25 feet of the roadway for pickup. If a carcass cannot be winched onto the disposal truck, disposal and any cost associated with the disposal will become the responsibility of the property owner with guidance provided by the conservation district or the fiscal court.

Free hay sampling for beef and equine producers to be offered

One of the best management practices a farmer can adopt is hay testing. Knowing the quality of hay can reduce feed costs and improve animal health. For those who are purchasing hay, it is important to ask the seller for a forage analysis. Feeding low quality hay can cost you even more in the long run.

As part of the 2009 East Ky. Beef Cattle Council Annual Hay Contest, the Morgan County Extension Service is offering FREE on farm hay sampling for local hay. Please contact the office at 743-3292 to sign up. A hay probe will be used to obtain small samples of different hay cuttings as well as any silage/haylage. The contest is optional, but participants will still receive free results and a balanced feed ration. Farm visits will be scheduled through September 4, both day and evening times.

Hay contest results will be announced at this year's 15th

Land owners that opt to dispose of a carcass themselves at the Morgan County Transfer Station can do so at no charge. If a landowner wishes to take a carcass to the Rowan County Landfill will be charged, but can present the receipt to the fiscal court and will be reimbursed for the disposal cost only. Reimbursements for such disposals will be issued once a month.

The county transfer station cannot accept carcass deliveries on Friday, Saturday or Sunday.

Landowners will bear no expense for carcass disposals as long as the grant funds are available. However, when the grant money is exhausted, the disposal procedures will continue, but the cost will be the responsibility of the landowner.

The program will begin on Tuesday, Sept. 1. Requests for the service should be made to Donna Leach at the Morgan County Soil District Office, phone 743-3194, or Norma Prince at the County Judge Executive's Office, phone 743-3897.

Destruction of the Land

Public Image of Coal

What the main stream media and the anti-coal politicians want you to see and believe.

The Truth About Kentucky Coal

Typical aerial view of Eastern Kentucky
(Perry County)

FACT: Only 6.8% of Appalachia has been or will be affected by mountaintop mining.

Reclaimed mountaintop mine
(Perry County)

Landowners benefit from mountaintop mining

- What was once steep inaccessible hillside now has potential for development.
- Landowner is paid over \$3,000 per acre for the temporary use of his land—land originally valued at \$300 per acre.
- Landowner is left with level land with a wide road to its top and ponds.
- Landowner realizes increased property value.

Cross-section of mountaintop showing why level land is needed in Appalachia

When a landowner is approached about mining their land, the first question asked is “Will you leave me some flat land?”

D & D Ranch - 2005
(Perry County)

Hello from Judge Tim Conley:

We want everyone to see the positive side of coal. I do understand when a new coal mine opens up, roads always needs additional repairs, but we must remember that a mine is a work in progress.

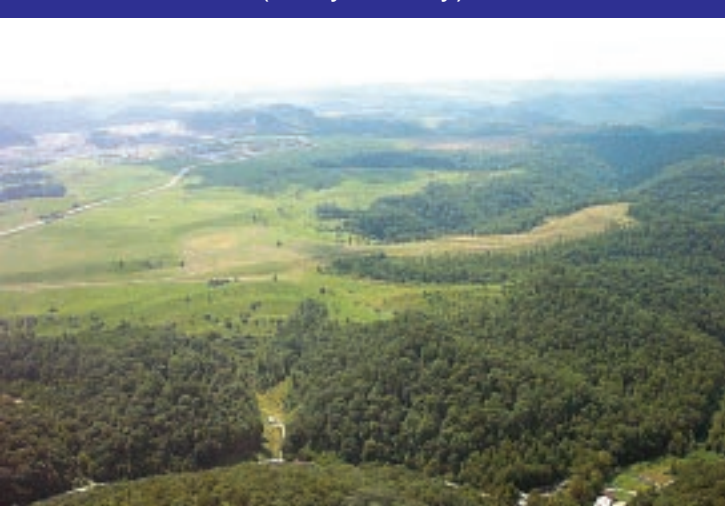

It is because of a coal mine in Morgan County in the 1970's that we had enough land leveled to build the Eastern Kentucky Correctional Complex. This facility currently employs well over four hundred people with an annual payroll of over fifteen million dollars. Take a look at the pictures in this article, notice additional pasture land, horse farms, subdivisions, a ranch and wildlife refuges because of coal mining.

Folks, in simple terms this cap and trade promoted by the White House is a gimmick to tax coal so high that it looks profitable to replace power generated by coal with windmills and solar power. We as Kentuckians need to support Kentucky Coal, our coal miners, employees and families of coal. If coal is attacked, your electric costs will take a tremendous increase. We can't afford to let this happen.

Let's be Friends of Coal and support Democrats, Republicans and Independents who are Friends of Coal.

H1N1 prompts precautions by local school district

By **Miranda Cantrell James**

The Morgan County school district is currently taking precautions to prevent the spread of the worldwide pandemic H1N1 flu (swine flu) among students and employees.

The Kentucky Department for Public Health reported to the Centers for Disease Control and Prevention (CDC) on Aug. 18 that the flu activity level in the state has been increased to regional – which is the second highest level of flu activity.

Department for Public Health Commissioner Dr. William Hacker said recently that Kentucky has seen an increase in H1N1 cases since students have returned to school.

Superintendent of Schools Deatrah Barnett said no cases of the H1N1 flu have been reported in Morgan County schools, though officials are providing proactive hygiene education as a

defense against an outbreak.

“It is imperative that everyone wash their hands regularly,” Barnett said. “Other forms of prevention include covering coughs and sneezes, and not directly touching the eyes, nose and mouth with the hands.”

Barnett also noted that custodians are working diligently to sanitize high-traffic areas and objects, including door knobs, faucet knobs, etc. Antibacterial gels have also been placed in classrooms.

Though many schools across the nation are preparing for the possibility of an H1N1 outbreak, Barnett said state officials generally do not recommend school closure – unless there are not enough faculty and staff members present at schools to instruct and supervise students.

“School district officials will be working closely with the community to prevent an outbreak,” Barnett said. “We will do every-

thing we can to keep our students and our employees healthy and safe.”

Symptoms of H1N1 influenza include fever, chills, headache, sore throat, cough and body aches, with some people reporting diarrhea and vomiting.

Infected individuals who are pregnant or have chronic health conditions should contact a health care provider early to determine if treatment with antiviral medication is necessary.

Gov. Steve Beshear recently announced that Kentucky will hold a statewide Pandemic Influenza Summit on Sept. 3 at the Frankfort Convention Center to assist private and public stakeholders with H1N1 preparation developments.

State officials are also planning for a potential H1N1 vaccination campaign once the vaccine becomes available.

For more information about the H1N1 flu, visit the Department for Public Health website at <http://healthalerts.ky.gov/currentalerts>, or the Centers for Disease Control and Prevention website at www.cdc.gov/h1n1flu/.

10 businesses in Morehead cited in underage sting

MOREHEAD — Ten Morehead liquor retailers caught in a Kentucky Alcoholic Beverage Control sting operation for selling alcohol to a minor will have or have had their licenses suspended for seven days and will pay a \$500 fine pending their separate hearing dates.

Cited in the crackdown, which began in March, were Buffalo Wild Wings, Certified, Slone's Signature Market, Tri-County Liquors, Clark's Pump and Shop, First Street Liquors, Road Runners Lounge, Pasquale's, Melina Cucina's, and the Morehead Shell Station.

The state crackdown on underage alcohol sales came before the Morehead City Council at its Aug. 10 meeting adopted an ordinance amendment granting violators the option of paying a \$500 fine in lieu of a seven-day license suspension.

MCMS PTO seeks parent support for 2009-2010 schl. yr.

To parents of Morgan County Middle School students:

The newly-elected officers of the Morgan County Middle School PTO (Parent and Teacher Organization) would like to invite you to join us as we start a new school year.

Members of the PTO work together with teachers and school officials to enhance the experience our children receive at school. Support and funds accumulated by the PTO are used in numerous ways to benefit the students attending the middle school now and in the future.

PTO support and/or funding helps to provide incentives for higher grades, supplement field trips and support athletic and musical programs. They also enable the PTO to plan fun activities for the students, such as Field Day, theme dances (Hillbilly Hoedown in September, Halloween Bash in October, etc.), pizza parties and more.

The PTO is currently suffering from low attendance at our monthly meetings. We desperately need your help. The more parents become involved with the PTO, the easier it is to provide support for the students, as well as provide a support system for other concerned parents.

Attendance at every meeting is not required to be an active member of the PTO. If you do not have much free time, but

Extension Service Garden Party is well attended

This year's Garden Party hosted by the Morgan County Extension Service was coordinated by Intern Candis Cantrell, with assistance from County Extension Agent for Family and Consumer Sciences Nellie Buchanan, EFNEP Assistant Vernell Sheets, Program Assistant Rhonda Fannin, Intern Courtney Lacy, Gateway District Health Registered Dietician Sandy Ellington and 4-H teen

volunteers Becca Ball and Jacob Wright.

The 40-plus participants were able to enjoy a summer fresh lunch, take home garden fresh recipes, win door prizes and participate in hands-on workshops. Among those workshops were a kids' corner with lanterns and vases, herbs, mosaic stepping stones, garden aprons and silverware windchimes.

With each station, participants were able to gain knowledge about recycling, staying safe and cool in the sun, living sustainably and using garden produce in recipes.

Seasons
As the end of summer approaches, we might feel an occasional cool breeze some evenings or notice a lone leaf letting go as it drifts to the still warm ground. Change is on the way. Soon the trees will be ablaze with glory. The landscape will transform from solid green to bursts of red, orange, and gold. Our lives have seasons, too. From youth to old age, our change in seasons can be both exhilarating and formidable... an adventure into the unknown. We don't have to experience it alone. When we trust God in all circumstances, He will help us through every transition. You can learn more about God's unfailing companionship as you worship Him this week. Let Him help you prepare for the changing seasons of your life.

Public hearing to discuss Pkwy. widening project

JACKSON, Ky. — Residents of Magoffin, Morgan and Wolfe counties are invited to attend a public hearing to discuss a project to widen the Bert T. Combs Mountain Parkway to four lanes between Exit 57 at Helechawa in Wolfe County and Exit 75 near Salyersville in Magoffin County.

The hearing will be held Thursday, Aug. 27, from 5 to 7 p.m. at Lakefront Church of God on Ky. 134 in Magoffin County. The site is accessible from the Mountain Parkway via its intersection with Ky. 134 between mile markers 67 and 68.

The public hearing will begin with a formal welcome and introduction at 5 p.m., followed by an informal open exhibit area where officials from the Transportation Cabinet and the project consultants will be available to answer questions and receive public input. Informational handouts, comment sheets and displays will be available to attendees. A court reporter will be available to take oral statements from interested attendees. There will also be a 15-day public comment period after the meeting, and exhibits will be available at the Department of Highways District 10 office in Jackson.

This proposed project will widen the Mountain Parkway to four lanes and reconfigure and improve interchange access points along the route. The project is currently in the preliminary design and environmental assessment phase. Right of way purchase and construction dates have not yet been scheduled.

New Conservation Stewardship Pgm. announced for Ky.

LEXINGTON, Ky., Aug. 6-- A sign-up period has been announced for the new Conservation Stewardship Program (CSP). The program was authorized by the Food, Conservation, and Energy Act of 2008 (2008 Farm Bill).

CSP is a voluntary program that encourages agricultural and forestry producers to maintain existing conservation activities and adopt additional ones on their operations.

Unlike the Conservation Security Program under the 2002 Farm Bill which was available only in designated watersheds, the new Conservation Stewardship Program is available statewide. Interested land users may submit an application beginning August 10, 2009, at their local USDA Service Center. Although applications will be accepted on a continuous basis, a ranking cut-off has been scheduled for September 30, 2009. To apply for the new program, potential participants will be encouraged to use a self-screening checklist first to determine whether the new program is suitable for them or their operation. It will be available on the NRCS website and at NRCS field offices. After self-screening, the producer's current and proposed conservation practices are entered in the conservation measurement tool (CMT), which estimates the level of environmental performance to be achieved by a producer implementing and maintaining conservation activity. The conservation performance estimated by the CMT will be used to rank applications.

City Council...

(Continued From Page One)

Deputy Clerk Sharon Lykins said though one of the restaurants had paid the July tax installment, neither establishment had paid the overdue tax bills — the oldest of which dates back six months — amounting to a combined total of less than \$2,000.

Mayor Jim Rupe questioned whether legal action against the businesses would be too costly to be beneficial.

City Attorney Joleen Frederick responded that letters sent to the businesses yielded no attempts from the owners to meet past tax obligations.

"Where the city is at now is pursuing criminal charges," Frederick said. "I think that is the option. The restaurant tax is an obligation that (the restaurants') customers have paid, but these businesses have not paid."

Jordan said that previous legal actions should set a precedent for the city's collection of delinquent taxes.

"I don't think this issue can ride for long because of the actions that were taken against Dairy Cheer," Jordan said. "If this goes on, we could have the same situation again. What is fair for one business should be fair for them all."

Councilman Nickell concurred.

"I don't think we can forgive any taxes," Nickell said. "If these taxes are owed, they need to be paid. Putting off collection would set a bad example."

The council voted unanimously to authorize the city attorney to send a final letter to the businesses warning that the owners must satisfy their tax obligations in 30 days or face criminal prosecution.

In departmental reports, Councilman Mark Walter announced that electrical lines were moved in preparation of the city lot on Index Hill, where the fire department's new headquarters will be located.

The following items were also discussed before adjournment:

✓ A bid from Shawn Cantrell for two surplus trucks at \$115 apiece was rejected.

✓ Trick-or-Treat was slated for 6-8 p.m. Friday, Oct. 30.

✓ An RSVP grant request for \$50 was approved.

✓ The second reading of a policy and procedure ordinance amendment regarding mileage reimbursement was approved.

✓ The second reading of the 2009 property tax rates was approved.

The West Liberty City Council meets the fourth Monday of each month at 5 p.m. in the council room at City Hall.

NRCS field staff also will conduct on-site field verifications of applicants' information obtained from the CMT. Once the potential participant has been field verified and approved for funding, he or she must develop a conservation stewardship plan.

For information about CSP, including eligibility requirements, producers can visit www.nrcs.usda.gov/newcsp or visit their local NRCS field office located at 955 Prestonsburg St., Ste. #2, West Liberty, KY. You may also contact Marty McCleese at (606) 743-3194.

The Judge's Corner

By Tim Conley
Judge Executive

Hello from Judge Tim Conley and Staff:

I have so many things to write about, including the new courthouse, school nurses, the transfer station, coal, road projects, etc. However, at church on a recent Sunday, a thought came to my mind about the Prodigal Son and how it applies to us as Americans today.

Tammy and I attended Lakeview Community Church. As the brother brought the message, God revealed to me where we are as Americans.

The Prodigal Son loved his father, just as our ancestors loved America. As we began to grow, in the United States, we started to believe that we could stand on our own two feet — just as the Prodigal Son told his father that he wanted his inheritance.

We, too, as Americans have moved away from our Heavenly Father. Just as the Prodigal Son fell on hard times and wasted what he had inherited, we as Americans have also fallen on hard times.

As the preacher said in his sermon, we need not put our trust in government, but in God. This country was founded on "In God We Trust."

When the Prodigal Son returned home, his father did not laugh at him. The father instantly loved him and welcomed him back home.

I believe if we would return back to "In God We Trust," God will welcome us home, and we can live in better conditions for the time that we have left.

I feel like this message was for me because on Sunday, as it was also preached at Straight Creek Church — where I usually attend services. It was also on the 98.9 radio station on Sunday evening.

Look up the story of the Prodigal Son and relate it to our country, and you will see that we are at the point that we need to arise out of the swine troughs and return to our basic existence: "In God We Trust."

By the way, my wife and I are the proud grandparents of a granddaughter, Kaydence Charla Endicott, our first grandchild.

You may contact me by writing to Judge Executive Tim Conley, 450 Prestonsburg St., West Liberty, KY 41472, e-mailing mcfctc@gmail.com or calling 606-743-3897.

Letters

READER APPLAUDS U.S. VETERANS

Dear Editor,

Hooray for Ronald J. McKenzie! His comments regarding the Joe Nickell controversy were just right, in the right language, so all us hillbillies could understand — and most would agree with him.

When I pray, I always thank God for all the freedoms that we are privileged to have in this nation. Of course, I'm like the majority of people. I have no idea how much pain and suffering brave men like Ronald J. have endured in order for us to have a free country.

My late husband and brother served in the Korean War, and another brother served in Vietnam conflict. Both of my sons served in the military; the youngest was part of an airplane crew that flew over the Persian Gulf on surveillance missions when the Ayatollah Khomeini of Iran was acting like a madman.

I remember very well the worry of having my family in harm's way, but I am proud that all of these loved ones and all the men and women who have defended us since this nation was created cared enough about our freedom to defend it.

Ronald J., again, you said it just right, and I'm proud of you too!

Marie Chaney
West Liberty, Ky.

Historical society holds July mtg.; museum is open Monday-Friday

The Morgan County Historical Society and Genealogical Resource Center held its July meeting at the home of Peggy and George Weddington. Those present were members Tony Adkins, Don and Joyce Brown, Julia Elam and Henrietta and Harold McKinney, along with visitors Jeffery Ferguson, Bailey Silver and Lois and Addie Weddington.

Gerge is a good grill attendant. He turned out some great hamburgers and hot dogs. The ladies were responsible for the delicious veggies, salads and desserts. Is it any wonder that which such a lunch, those present overindulged and could hardly stay awake for the meeting?

The museum and genealogy center is now open Monday through Friday. Thanks to Anna Brogan, who holds down the fort on Mondays, Vernice Wireman on Tuesdays, Homer "Sonny" Rose on Wednesdays, Julia Mae Elam on Thursdays and Sam Long on Fridays. Hours are 10 a.m. to 1 p.m.

Tony Adkins is working hard to get the showrooms up to par. The ladies have the flower bed at the side entrance looking great. Thanks to Cougar Corner, IGA and Lyon Feed for the plants to make the flower bed possible. Thanks is also extended to Mike Stacy for the area rug in the sitting room.

Have you visited our museum and genealogy center? If not, we invite you to pay us a visit. The museum is dedicated to the veterans of all American wars. On the walls you will find pictures of veterans of these wars except for the American Revolution. Perhaps a picture of our family is on display. There are also displays of uniforms, implements and other memorabilia.

We are proud of genealogy library, where we have over 40 different family histories, marriage records, census, cemetery and some obituary records. Our cemetery records need more input.

W.L. Police Dept. reminds motorists of muffler ordinance

The West Liberty Police Department has issued reminder to the public of the city's Noise Control Ordinance and KRS 189.140 Vehicle Muffler-Noise Regulation. These laws prohibit unlawful/unreasonable loud noises and modifications to vehicle exhaust systems which amplify or increase noise emitted from motor vehicles. The department asks citizens to be mindful of these laws, particularly near churches during Sunday morning services.

We at the museum enjoy helping those doing family research. We get many calls and letters from people in other states asking for our help. For example, a person called asking for help tracing a Lloyd Lykins (b. 1892 in Morgan County, d. 1973 at Bloomington, buried on Grape Creek). He goes back to one Harlan Lykins (b. 1832 on Grape Creek in Magoffin County, d. 1892). His first wife was Rachael Reed (b. 1832, d. 1876). Their children included James H. Lykins (b. 1856), Andrew Lykins, Marth Lykins (b. 1860),

William Lykins and Sarah Lykins (b. 1864).

The researcher also discovered that Joseph Harlan Lykins was married to #2 Louisa Meadows, and a list of their children was given.

Vernice really enjoys doing research. I think we finally have Sam Long doing research on his family tree. So, as before stated, if you need a helping hand, the museum is one of the places you might like to investigate.

If you are looking for places of interest to visit, then come out and browse through our museum.

MODERATION

The hill may be long and steep, but if our steps are moderate in pace, the chances of getting to the top are much better than if we start too rapidly and are forced to quit before we reach our goal.

The City of West Liberty would like to take this opportunity to thank the Woodsbend Youth Development Camp for their help with Old Mill Park. The boys helped raked and cleaned the park and it looks great! The park looks the best that it has all summer. We deeply appreciate the time, work and commitment of the Youth Workers and the boys from the Camp.

Sandra (nee) Carpenter

Aug 27 — Sympathy to all the sick and to the ones who have lost their loved ones. Those calling on Barbara Carpenter by telephone have been Nellavine Gibson, Virginia Thompson, and Ethel Turner. Good to hear from each of you. Call again soon. The writer was in Morehead this week attending to business and accompanied Harold Goodpaster to several doctor's appointments. I received word that Emmadean Cox, daughter of the late Woodford and Thelma Cox, had passed away in Ohio. Some members of the family were able to attend the funeral. I got to talk with Carolyn Montgomery and she said she appreciates all the visitors, cards, flowers, and phone calls she received while in the hospital and at home. And especially the prayers that were said on her behalf, truly thankful. After Carolyn returned home she got a big surprise — her daughter -in-law, Lennie Montgomery had canned some vegetables for her while she was in the hospital. Thanks, Lennie, for all the work you have done. I appreciate it very much. Visitors of Harold Goodpaster have been Tim Peyton, Janie, Rick Peyton, and Randy McKinney. Congratulation go out to Ray and Jobeth (Stamper) Adkins on the new arrival of a baby girl born last week at King's Daughters Hosptial in Ashland. The baby weighed 7 pounds. Kyndall LaRay was welcomed home by big sister, Kaylie, and proud grandparents, Richard and Mary (Luke) Stacy of Salt Lick. The writer ran into Jobeth at Walmart on the way home from the hospital and got to see little Kyndall. She was dressed and looked so pretty and little. Kristie Goodpaster of Bardstown broke a bone in her foot so she will be off work for a while. She had to have a cast put on her foot. Get well wishes to her. I want to send a Hello out to my neighbors, Pete and Jean Varney. They surely are good, friendly neighbors. Billy R. Lewis of Blaze and Roger Williams of Owingsville were in Lexington one day for Billy to see his doctor. Lexie Goodpaster had as visitors this week Harold Goodpaster on Saturday and on Sunday Barbara Carpenter. Visitors of the writer and Perry have been, Barbara Carpenter, and Harold Goodpaster. Lennie Montgomery had to take Carolyn Montgomery to the

Caney Valley

By Tracey Barker Hatton

Aug. 24 — Hello again from Caney Valley. Seasonal allergies have made their appearance. There have been many reports of colds, coughs and sore throats. So, folks, keep in mind the first line of infection control is good hand washing and covering your cough. We want to wish happy birthdays and belated birthdays to the following: Jon Sanders was 23 on Aug. 23 (this is my youngest son). Hobart Dunn, our pastor at Brushy Fork Baptist Church, turned 65 on Aug. 15. Our little granddaughter, Jaylynn Renee Craft, will be one year old on Sept. 3. Many wishes and blessings to you all! Prayer requests and praises include Mary Lou Hatton, Don Cheek, Anna Ruth Harper, Oleta Sallee, Natalie Manning, Debbie Patrick, Adam Montgomery, Trish Adams, Lanny and Charlotte Prater, Maudie Taulbee (brother and family int he loss of his wife and his recovery after a car accident), Jim Sparks, Ray Potter and the ones that the Lord has laid on your heart. Remember our churches around the community. It is imperative that we pray and witness to the lost. We had church services at Brushy Fork on Aug. 23. This was the August meeting. This is a time we remember the ones gone on and buried at Morris Cemetery. Years ago, they would have church services up at the cemetery with old wooden benches. Many would come in, gather and pay respects to the ones who have gone on. We had services at the church yesterday, and remembered the ones who left the legacy for us to follow. I was able to take my granny, Wanna Barker, to church yesterday. She is a member of Brushy Fork Baptist Church. My sister, Kim Barker Burton, joined us for church services and dinner. Granny seemed to enjoy herself at church and had dinner after church. We then stopped by to visit Granny's sister-in-law, Berchlene, and Woodford Henry, then we returned to the nursing home, where Granny is a resident. Eunice Hatton, my mother-in-law, went with me and saw her sister, Becky Hammonds. Boone had a doctor's appointment on Friday evening at Georgetown and got a good re-

port. We then had dinner in Lexington and stopped by St. Joseph Hospital to see Lanny and Charlotte Prater. Lanny had stints put in on Friday morning, and he was doing well.

I would like to recognize the ones who have donated money for the lawn care and upkeep of Morris Cemetery:

Virginia J. Nickell, Betty Crase, Mitchell Craft, Otis and Shirley Walter, Alma Pence, Charles Lewis, Ruth Edwards, Nancy Chester, Helen Cravens, Hobert and Betty Dunn, Chester and Berchlene Henry, Sue Barker, Evans, Reva Prater family, Astor Barker, Barbara Crase, Oleta Sallee, Glinna Stamper, Larry Benton, Wanna Barker, Patty Barker Griffin, Seldon and Elizabeth Crase family and Boone and Tracey Hatton. Thank you all!

I want to thank the Lord for saving my soul and what He means to me. I want to share a testimony of a lady I had the privilege of meeting and talking with before she died. Her name was Shirley Stacy. She was a fine Christian woman who was prepared for her life to meet to the Lord. I will never forget at her funeral, Bro. Eugene Haney said that Shirley said the night before she died, "I'm loving this."

As a Christian, you have to believe that angels were ministering unto her as her life hovered between this earth and her eternal resting place. Shirley passed on the next afternoon, but what is wonderful is the testimony she left to her family and friends.

Shirley's daughter, Terry Stacy Sand, and husband, Ray were baptized on Aug. 23. What a joyous occasion as they follow the Lord's footsteps. I sure believe that God puts people in places where they can help others. I have had the privilege with Shirley's oldest daughter, Patty Phipps.

May God touch your heart with this testimony and if you want to know the Lord as your saviour and unsure of how to do this, or you feel the Lord is working in your heart, then seek out a brother or sister who knows the Lord as their savior and let them share scripture and pray with you.

May God comfort Patty and her family one year after her mother's death. There is joy in knowing that Shirley is making her home in Heaven.

"Blessed are the pure in heart, for they shall see God." — Matthew 5:3 (KJV)

May God bless and keep you all!

E.R. on Sunday. I hope you are doing ok. Remember her in your prayers.

The writer and Perry were in Stanton on Saturday at the indoor flea market. They sure had a selection of nice things. And also out to eat.

Harold, Sandra, and Perry visited with Venus on Sunday at the Winchester Nursing Home and took her a nice comfortable recliner to sit in. Venus enjoyed that. Afterwards, we went out to eat at Captain D's.

Tamara Carpenter and Adam Tate were at Mammoth Cave this past weekend. They toured many caves. One had an underground lake where they took a boat ride. They hiked and went to the amusement park, and saw the animals. They reported a good trip and very pleasant weather. It was their first time to visit there.

Mary Long was admitted to the nursing home at Campton. We will miss her at church. If you're over that way stop in and visit with Mary.

We truly have had some beautiful weather this past weekend — its like fall. Fall its my favorite season.

This is all for this week. To report news, call 725-4186.

Try out this weeks recipe and let me know how you like it. cactusjill56@yahoo.com

Junction News

By Kathy Bolin

Aug. 24 — Greetings from the Junction:

We had a surprise at Williams Creek Church on Sunday. Pastor Herbert Wright walked with the help of crutches down the aisle and to the pulpit. Herbert is a miracle. Many times in the past several years, Herbert was in a wheelchair and looked like he would never walk again. By the mercy of God, he is up on his feet, walking and back in the pulpit. These are the blessings of the Lord.

I have no birthdays to report this week, which is unusual.

Ethel Bolin will be having her annual garage sale at Oatie Bolin's house. It is the next house beyond Ethel's on 1260, on Sept. 1-2.

I am going to close. There is not much going on this week that I know about. Talk with you next week!

Memorial Fishing Tournament held at Cave Run Lake Saturday, August 15th

David Wayne Nickell and Letha McKenzie

Mr. Nickell and Ronnie Williams

Mr. Nickell and Jamie Peyton

A Memorial Fishing Tournament was held at Cave Run Lake at 7 p.m. on Saturday, Aug. 15, by Friends of Cave Run, Inc. Plaques were presented in memory of the club members who have passed away but had fished on the lake with members of their club. Three plaques were presented in memory of three members of the Headwaters Bass Club.

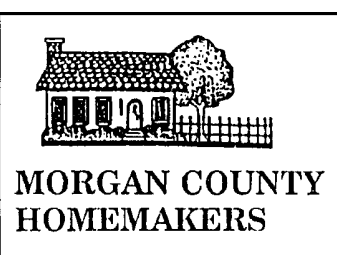

Presentations of the plaques were made by David Wayne Nickell, a former President of the

Headwaters Bass Club. Accepting the plaque in memory of her father, Everett Manley, was his daughter, Letha McKenzie. Present to accept the plaque in memory of Roger Williams was his brother, Ronnie Williams. Roger, who was a dedicated and devoted fisherman, was also the founder of the Headwaters Bass Club in Morgan County. Also present to receive and graciously accept this beautiful plaque in loving memory of his father, James Peyton, was his son, Jamie

Peyton. The three fishermen participated in events and outings with the club until their illness became too advanced to enable them to continue their wonderful hobby of fishing.

Although we miss Everett, Roger and James, they will never be forgotten. We have many memories and stories of these three fishermen and these stories will be shared among one another and with new-comers who are just becoming fishermen.

West Liberty Homemakers

The West Liberty Homemakers Club left West Liberty on Saturday, August 8, 2009, for their annual trip. On the way to their destination they stopped in Owingsville, Ky. for breakfast. They traveled on to Lexington where they visited Ashland--The Henry Clay Estate. There they toured the gardens and the home where the Clays lived for decades. The group enjoyed a delicious lunch at the Ginkoo Tree Cafe.

Then on to the Arboretum on the UK Campus for the Tomato Festival. There we tasted a variety of tomatoes and other items made from tomatoes. We also enjoyed the rose gardens and other beautiful flowers.

Then on to Cherokee Drive for a visit with Ida Mae Elam and her daughter, Linda Blackburn. The visit with Ida Mae and Linda was the highlight of our trip. Linda was a most gracious hostess. While there we were served chocolate covered strawberries, chocolate covered grapes and homemade German chocolate cupcakes made by her niece, Sarah. We really enjoyed our visit. After leaving the Blackburns we went on to Fayette Mall and did some shopping. Arriving back in West Liberty about 6:00 p.m. Those enjoying the day were Nell Adkins, Nettie Goodpaster, Sharon Lykins, Monteza Lykins, Norma Smith, Cricket Cantrell, Kayala Wright, Julia Elam, Mondella Bradley, and we were joined in Lexington by Wanda Adkins--Nell's sister-in-law.

Bonny

By Faye Ferguson

Aug. 20–Hi everyone. Hope everyone is doing better and enjoying these beautiful days. I have. I love spring and summer, but we have to have fall and winter to get to spring and summer.

I love my pretty flowers but they are fading away now. Just like we all are getting older. Virgil and I are neither one well anymore.

I've been in Morehead hospital real sick. I'm home now, not really well. I got a call to come back to the clinic. Don't know what happened. Virgil has been so good to help me and stick by me. He sure is a good man.

Virgil and I have been married since August 23, 1950, 59 years. You know we were joined together by God. Not too many stay together that long. We have 7 children (6 girls and 1 boy). We go to church a lot. We've not gone as much lately because of sickness. But we both love going to church. Virgil got saved last summer and was baptized by Rick Simpson, at Lee City, and is a real Christian man. He is good to everyone. Where ever I want to go visit, he is ready to go.

We have some new great grandbabies born to Freddie and Britney Conley Endicott, a baby girl. She weighed 7 pounds and 15 ounces, and was 21 inches long. Also a baby boy was born to Nathan and Jonia Morris. He is 3 months old now and visits his mamaw and papaw today. He is a big boy and a darling. He is Cathy and Samuel Caudill's grandson. They have two other children. They are in school now.

Well, school has started again. I miss my grandbabies.

Johnnie Bates is back in a Lexington hospital. He is bad again and has been running a fever. He had lots of infection. Charlotte is right with him. When he goes, she goes. They are so close together, too. That is the way it should be. What God joins together let them stay together and it will if you love one another.

Brian and Sue visited their daughter in Virginia. Had a good visit. They have a granddaughter. They came home with them. They brought the baby to see us. It is a doll baby.

We also had a wedding in the family. Ashley, daughter of Brian and Sue Ferguson, and Michael Ross, son of Lee and Debbie Ross were married. He sure is a good man. We wish them a happy life together.

Virgil's brother calls us often th check on us. Hope they are ok. We think a lot of them.

Everyone that raises tobacco is now cutting it and putting it up. We used to work hard all our lives but ae not able anymore.

Would like to say hello to Johnny and Ailene Davis. Hope you all are doing better.

Also would like to say hi to Darrell and Wanda Williams. they are such a sweet couple. we love you all

Dorman Nipper was here yesterday visiting with us and to see how we were. I love him so much. He is all I have left now.

Would like to say hello to Sandy Carpenter. She does a good job writing the news. I love her column. Sandy, you are a sweet girl. I love your recipes, but have been too sick to try any of them. You pray I can.

To everyone everywhere, remember God loves you, and we here at Bonny, love you, too.

Pray for us that we might be able to get back in church, also pray for Johnnie and Charlotte Bates, and one another.

Girl Scout Troop #560 does a good deed for cancer patient

After learning of Mr. Donald Cheek's need for gravel on his driveway, Girl Scout Troop #560 purchased enough gravel to fill up the potholes. Mr. Cheek is a cancer patient. Anyone willing to donate gravel, or money to help gravel the whole driveway may contact Bobbie Jo Peyton, 743-5157, or Elaine Osborne, 743-1945. The Girl Scout Troop will also be at Commercial Bank Tuesday, Sept. 1, from 8 to 3, for a bake sale to help raise money for gravel to help Mr. Cheek.

Cub Scout Service Project

Members of Cub Scout Pack 111 recently completed a Community Service Project. Scouts picked up litter around the Kiwanis Swimming Pool, tennis courts and Little League ball fields. The scouts picked up several bags of trash and learned valuable lessons in community service and citizenship, and as always, had a fun time doing it. If you would like to learn more about the Cub Scouts, contact Shannon Elam at 743-4648.

Sixth consecutive year

MSU is named one of best public universities in South

MOREHEAD, Ky.—Morehead State University has been recognized for the sixth consecutive year as one of the foremost public universities in the South in the 2010 edition of "America's Best Colleges" by U.S. News & World Report.

"We are very pleased to be recognized again this year as one of the outstanding regional public universities by this widely-popular college guide," said MSU President Wayne D. Andrews. "This year's ranking shows we are making steady progress toward our goal of becoming the best of the best."

The newest rankings include MSU as 20th in the Top Public University-Master's/South division, up from 24th last year.

"Our faculty and staff are deeply committed to making Morehead State the best public regional university in the South, all for the benefit of our students and their families," Dr. Andrews said.

The rankings place emphasis on acceptance rates, graduation rates, admissions selectivity, and small class sizes. Morehead State is consistently recognized for relatively small classes and a high percentage of full-time faculty members, two important factors

of student success.

The rankings include public and private institutions which grant bachelor's and master's degrees in 12 states of the South, including Kentucky, West Virginia, Virginia, North Carolina, South Carolina, Tennessee, Florida, Alabama, Mississippi, Georgia, Arkansas and Louisiana.

MSU first moved into the magazine's top tier of ranked institutions in the 2005 edition of "America's Best Colleges." The rankings are based on research of more than 1,400 institutions nationally.

"Our students are accepted into professional schools, including medical, dental and pharmacy programs, at rates well above state and national averages, so we know they receive a first class education," Dr. Andrews stated. "We are elated that others recognize Morehead State's academic quality."

The rankings will be published in the magazine's September issue on Aug. 24. The 2010 America's Best Colleges guidebook will be available on Aug. 25.

MSU was founded in 1887 as a private college, became a public institution in 1922, and gained university status in 1966.

Case settled for children injured in school bus crash

Floyd Trial Cancelled For Stacey Scott and Children Kenzie, Gary

A jury trial set here next month has been cancelled and the case settled for what were described in an April 2008 lawsuit filed by John Kirk as "very severe injuries" to Kenzie Little and Gary Little, ages three and five at the time of a collision between a vehicle operated by their mother, Stacey Scott, and a Floyd County school bus operated by Victor Harper. The crash occurred at Poplar Fork near Weeksbury in April 2007.

The complaint alleged that the "crash was violent" and that it "caused very severe injuries" to all plaintiffs "especially to Kenzie who" the complaint alleged, "sustained severe damage to her face and to her brain and spine." The injuries, it was alleged, caused a need for "extensive medical care and treatment" and also claimed that the injuries would cause permanent "psychological consequences."

According to the complaint, Harper had operated a school bus that had been involved in two previous accidents and that the Floyd County Board of Education was "negligent per se" for having an allegedly "not qualified" school bus driver and "should have terminated Harper prior to the crash."

"These children were badly hurt," John Kirk said. "Fortunately, medical care including surgery has helped a lot, but additional treatment, including further surgery, will be needed."

MORGAN COUNTY FOOTBALL

Cross, Rowan are too much for young Morgan team

Viking back gains 153 yards and 6 TD's, Harvey leads Morgan with 73 yards

By David Patrick

Brian Turner had hoped for a better outcome to open his second stint as Morgan County coach. But the Cougars ran into a Rowan County team and a running back determined to blow out their biggest rival.

The result—a 60-8 Cougar loss and fourth straight victory for Rowan in the Cave Run Classic.

“We’re ashamed with how we played because we know we’re a much better team than that,” Turner said on Monday. “That level of play is unacceptable to us and we don’t want our fans to accept it either.”

Things went south for the Cougars in a hurry. Rowan opted for an on-side kick to open the game and recovered on Morgan’s 43-yard line. The Vikings then scored on their first play from scrimmage courtesy of a 43-yard touchdown run by Darrell Cross for a 7-0 lead.

Following a three and out and a punt by Morgan, Cross again cashed in with another 43-yard scoring run. A failed extra point made for a 13-0 Viking advantage.

But Morgan answered the score with the best offensive series of the night. Brian Turner’s team marched 82 yards, which included a pair of fourth down conversions by Mitchell Harvey of 41 and 10 yards, respectively. Harvey then capped the drive with a nine-yard touchdown run to cut the deficit to 13-6.

“Last season, Morgan did not gain a single yard on Rowan—in fact, they finished with negative yardage,” said Turner. “Our team was able to move the football and put it in the end zone. That was a big deal for us.”

But the Cougars then squandered a chance to put real pres-

sure on Rowan. After Kyle Havens recovered a Cross fumble at the 41-yard line, the Cougars gave it right back with a fumble of their own. Rowan took advantage with a 46-yard scoring run by running back Stephen Williamson in the second quarter.

Cross then turned in the play of the night two minutes later with a 65-yard punt return, which began in the middle of the field, angled left and then out across the field virtually untouched for the score. With that play, the Cougars’ confidence and the game began to quickly slip away. “Our kids got discouraged and started to thing ‘here we go again,’” Turner said. “I think they felt a bit intimidated by Rowan’s speed. And for a young team, it’s hard to bounce back.”

The Vikings got their final points of the first half when quarterback Adam Wing hit Phillip Hodge for a 22-yard score and a 33-6 halftime lead.

Rowan put the game out of reach with another score less than two minutes into the third period. Touchdowns by Cross and Williamson stretched the Viking lead to 53-6 after three quarters.

Turner gave credit where it was due for Rowan’s talent and effort, but questioned his opponents’ motives for running up the score.

“I feel that Rowan tried to humiliate our kids,” said the Morgan County coach. “They’re up by 40 points and still throwing 30- and 40-yard passes down field. Their sideline was also celebrating after a helmet-to-helmet hit on one of our freshmen. To me, that was unnecessary and shows a lack of class. But what goes around comes around. We’ll get another shot at them next year and the year after that. Our kids

won’t forget Friday night.”

Rowan finished the game with 346 yards and seven touchdowns—averaging nearly 14 yards per carry. Cross led the effort with 10 rushes for 153 yards and three scores. Williamson added 81 yards and two TD’s on just four carries.

As for Morgan, Harvey paced the offense with 13 touches for 73 yards and the team’s lone score. Havens and Cooper combined for 23 carries along with 52 and 28 yards, respectively. Freshman Joe Holbrook gained 22 yards on nine rushes, including a long run of 13 yards.

Another freshman who played a vital role in the Cougar offense was Larrin Collins. Despite completing just one of five passes, Turner saw a tremendous upside with his first-year quarterback.

“The speed of varsity football is a little much for Larrin right now,” Turner said. “But he knows what he’s doing and how to execute the offense. He offered suggestions and even called his own plays on the field. Often times, his play calling worked. He understands what we’re trying to accomplish. I’m pleased with his effort.”

(Collins and his junior varsity teammates would turn the tables on their Viking counterparts Monday night. Joe Holbrook scored three touchdowns and Collins added a fourth as Morgan earned a convincing 30-6 win. Holbrook, Collins and Jordan Whitt also found the end zone on two-point conversions.)

Morgan will return to Herdman Field this Saturday night to host Pound, Virginia. Game time is slated for 7:00—a half-hour earlier than the usual kick-off.
